CENTRAL YORKE SCHOOL NEWSLETTER
NOVEMBER 14 | 2019

Government of South Australia
Department for Education

Grant Keleher

Remembrance Day

Originally called Armistice Day, this day commemorated the end of the hostilities for the Great War (World War I), the signing of the armistice, which occurred on 11 November 1918 - the 11th hour of the 11th day of the 11th month.

Armistice Day was observed by the Allies as a way of remembering those who died, especially soldiers with 'no known grave'.

At Central Yorke School we observed one minute's silence just before 11.00 am to remember the sacrifice of those who died or otherwise suffered in Australia's cause in wars and war-like conflicts.

Our ceremony was organised by Lauren Smith and hosted by her history class.

The assembly was a moving one with our students researching local nurses and veterans. The service was a reminder to us all the sacrifices our community made in times of war.

For me, perhaps the most moving part of the service was listening to Kira Davies play the last post for the school. I was so proud to watch one of our own students perform such a tribute to the fallen heroes. Our SRC also represented the school and laid a wreath at the Town Memorial.

Pupil free day

Next Monday November 18 will be our final Pupil free day for the year. On this day all Central Yorke Staff will be undertaking Professional Development with staff looking at our 2019 school data and working in teams to analyse student achievement, set common agreements and improvement targets and review and refine our Intervention and Support Programs.

We put enormous value on these days as they provide us with an opportunity as a staff to develop our common understandings, and to support us in heading in a common direction in our aim to continuously improve.

I sincerely thank the our parents and caregivers as I understand these days can be difficult for parents, with many having to make alternate arrangements for the care of their children for the day.

Transition

Next week are the formal transition for 2020 students from both Point Pearce and the Children's Centre. As Principal it fills me with joy to see the smiling faces in the yard and have the opportunity to read stories and be a part of the learning journeys of our new students.

Transition is an important part for our new students to make the step from one learning institution to the next. If you are a new parent of one of our transition students and have any questions that you need answered, feel free to pop into the front office and have a chat.

Music Showcase

Last week was our annual music showcase.

As always it was an amazing, professional display of the Arts Program at our school.

The pieces were polished and the students represented our school with pride. A big thank you must go to Deb Schwartz and Tim Tuck for the many hours they put into our program and the results they achieve each and every year.

2020 Notice of Materials & Services Charge

The "standard sum" as determined by the Department for Education for 2019 is \$244 for Primary students and \$322 for Secondary students for the full school year. The "watermarked" copies by DfE for Central Yorke School are printed on pages 38 and 39 of the newsletter.

Parents are invited to attend the Governing School Council meeting on Tuesday, 3 December at 6.30pm in the Central Yorke School Conference room at which the proposed charges are to be approved.

In lieu of attendance at the Governing Council meeting parents can express their views in writing to the Chairperson, which will be tabled at the meeting as correspondence.

Should the school be contacted directly by a parent in relation to the proposed Material & Services Charge prior to the Governing Council, the parents will be contacted to determine:-

- whether the parent is requesting correspondence be tabled and minuted at the meeting

or

- if the parent is only requesting information for their own personal interest and that a response can be provided after the meeting.

A Big End To the Year...

Lots coming up this term with Christmas on the Green, Graduations, Awards nights and much, much more. As always if you have an issue please feel to make a time and come in for a chat.

Until next time.

Gym Jams

On Tuesday 5th of November the Elc children and educators travelled to Ardrossan to participate in Gym Jams.

The opportunity for children to access Gym Jams supports children to develop their physical skills, dispositions for learning and their sense of wellbeing. More specifically children have the opportunity to develop their...

- Gross motor skills - running, jumping, hopping, climbing, balance.
- Spatial awareness, being able to navigate themselves safely.
- Ability to make choices and assess risk.
- Ability to keep themselves and others safe.

- Trust, confidence, persistence and resilience.
- Perseverance and experience satisfaction of achievement.

Gym Jams also provides the opportunity for community engagement by exploring the local community and engagement in Services which support them in their learning and development.

Finally we would like to thank Mr Moore for driving the bus, CYP Gym Jams, Ardrossan and Districts Kindergarten for hosting us for lunch and last but not least to the parent volunteers who supported on our excursion. Without their support we would not be able to provide these valuable opportunities to the children.

from the head of Point Pearce.

Dave Love

Remembrance Day

On Remembrance Day this year, the staff and R-2 Class walked down to the Point Pearce Community War Memorial to pay their respects to all of the servicemen and women who have served their country during war time.

Mr Love talked about the sacrifices people made during war, with some of them giving their lives. He also mentioned that for the population of the Point Pearce Community, there were a great number of people represented on the War Memorial plaque. He also said that they should feel very proud, as many of those people listed were relatives of them. All of the children were very respectful.

Concert Pianist Visit

On Thursday October 31st. the R-2 students of the Point Pearce Campus were entertained by Panos Karan a Greek Concert Pianist. He has performed to audiences in the Sydney Opera House and Carnegie Hall. Panos is a humanitarian and runs a program called 'Music Beyond The Concert Halls' whereby he travels around the world performing and sharing his music in remote and isolated communities.

He has recently performed to villagers in the Amazon rainforests, Japanese tsunami survivors and villagers in Sierra Leone. Our children enjoyed him sharing his keyboards with them.

↑ Students at the war memorial

Some of them helped him play songs on his keyboards, and then the R-2 Class performed a dance and song for him. He really enjoyed our hospitality “It was a huge privilege to play for your students. I enjoyed meeting everyone, and I feel so blessed to have experienced the hospitality of your teachers and students’.

Friday Investigation Time

Each Friday after Recess the R-2 children from Point Pearce join in with Miss Bridget and Miss Sarah’s classes for Investigation Time.

It is a wonderful time where the children are able to choose from a whole range of different activities that are designed to promote investigation, questioning, playing, discussion, problem solving, building and creating things.

Our children love the wide variety of activities, their open ended nature, and the way that they can choose which activities they want to engage in. After their Investigation Time they are required to reflect and record what they did. It is one of our children’s favourite times.

↑ Drelan and Tray were ‘tinkering’, using tools to pull a computer to bits

↑ Jessie built number steps at the Maths Table.

↑ Panos kneeling in the front row with some of the students and staff he played to.

↑ Kym and Eli were looking for bugs in the leaves, and finding their pictures in the book.

ACMF Songwriting Competition

CYS student Benita Rodda has received a 'highly commended' certificate in the 7-10 category of the Australian Children's Music Foundation 2019 National Songwriting Competition.

Although not a winner from the hundreds of entries received, the ACMF judges said that Benita's entry deserved 'special commendation' and 'sincerely hoped that she continue with her writing as your talent and hard work are outstanding'.

Benita's song 'We Are Glorious' was professionally recorded at an Adelaide studio with additional vocals from local singer Kaylene

Graham. Scan the code to hear the full song.

The ACMF

The Australian Children's Music Foundation provides free, long term music programs and instruments to disadvantaged and Indigenous children across Australia, inspiring creativity and imagination while nurturing self-esteem and confidence.

acmf.com.au

We Are Glorious

By Benita Rodda

Our spirits bloom like flowers,
Our souls shine like stars,
We can feel it in our hearts,
In our hearts, in our hearts,
We were made for this,
We were born for this,
We are glorious!

Isn't it great to be different,
Isn't great to be me,
But people keep telling us who to be,
Well I don't care what they say,
I'm not listening anyway,
Oh my God he made us this way,
get used to it 'cos we're here to stay!

Scan the code for the full version of Benita's lyrics.

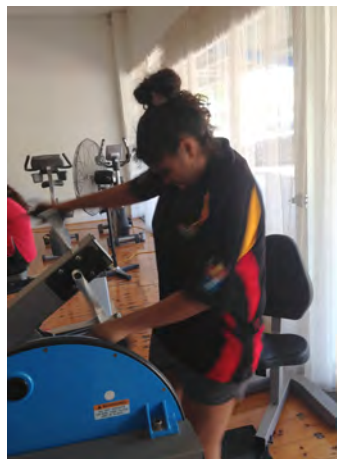

YEAR 8 *Girls* GROUP

As a part of our focus on student wellbeing at CYS, the Year 8 class has had the opportunity to work with Mr Clifford and Miss Townsend on health and fitness activities.

Whilst the boys have been covering the 'Rock and Water' course, the girls have explored a range of topics including 'what it means to be a girl/woman in 2019',

mindfulness, yoga, various styles of dancing and personal training at the Maitland gym. Big thanks to George for hosting our first gym session last Tuesday.

The girls really pushed themselves mentally and physically to achieve success across a range of apparatus. We are looking forward to returning in two weeks to continue our training.

The 2019 Central Yorke School Showcase Concert was held on Thursday November 7 in the school Performing Arts Centre.

Over 150 family and community members attended along with special invited guests including the Local Member for Narrungga Fraser Ellis, Education Director Joann Weckert and principals from the SYP schools.

Festival Choir

The Combined AAS and CYS Festival Choir opened the evening with the beautiful 'You, Me and the Wide Open Sky', a soaring outback inspired ballad. The Choir's programme was picked from the Festival of Music concert and included 'When I Grow Up' from the musical Matilda, the evocative 'Christchurch' and the finger clicking 'Route 66'.

The songs featured talented soloists including CYS students Ashlee Radford, Kira Davies, Maggie Moore, Sophie Davies and Lucy Allen. It was easy to see why both choirs deserved their 'A' grade ratings!

Junior Concert Band

The CYS Junior Concert Band performed four short pieces including A Queen medley and the theme from Star Trek. For many students it was their first public performance on their instruments. Well done!

YP Schools Band

The Combined Schools Concert Band opened the second half with the pop hit 'September' and a medley of Australian songs.

Further pieces included a medley of classical style pieces from the movie 'Fantasia' with the band producing a full, bold and dynamic sound which was complemented by the support of community musicians.

The Senior Vocal group showed their skills with 'A Thousand Years' and 'A Million Dreams' with Zeph Harris and Stephanie Gersch the featured soloists.

Guest Artists

Interspersed between acts were guest artists including Esther Short on clarinet, Dominic Meehan on Alto Saxophone, a vocal piece from Alanna Herd and piano solos from Ruby Barlowa and Eb Churchill.

During the evening conductor Debbie Schwartz presented awards for excellence to band and choir members and two special awards to teachers Sarah Townsend and Carol Wilkins for their outstanding service to the band and their mentoring of students.

A huge thank you to all our musicians and their families to the P & F and the CYS staff for your help. Congratulations to Debbie and her team for presenting such an entertaining and professional concert.

Dear Debbie and Tim,

I just want to thank you for the invitation to the Showcase Concert last Thursday. It was a fabulous display of the strength of music education in the region and the collaborative work between IM, CYS, the Yorke Peninsula schools and the community.

I had a wonderful evening and was so impressed with the high standard of all students. Please pass on my congratulations to all participating students for a most enjoyable concert.

Janet Leadbeater

Instrumental Music Leader Yr 7-12

What are our special guests had to say...

From the IM Staff Newsletter

Congratulations to Deb Schwartz and the fantastic effort of the students performing at the Central Yorke School Showcase Concert. This high standard concert included performances by the Festival Choir (and the) Central Yorke School Junior Concert Band...

The first half was dominated by excellent soloists including our own Dom Meehan.

The second half started with York Peninsula Schools Concert Band that sees students performing alongside members of the teaching staff and community. The Australian Medley including 'I Still Call Australia Home' stirred up emotions and pride in our country while the 'Selections from Mary Poppins' conjured up the images of dancing penguins and chimney sweeps. The Central Yorke Vocal Ensemble sang beautifully, and several student solos completed the evening.

A brilliant evening of music!

Remembrance Day

Whole School Assembly 2019

This term, students from Year 6 and 9 have collaborated to create the Remembrance Day Assembly. As part of their learning, we visited the Maitland War Memorial and learnt about its significance in representing those who fought and were killed in foreign countries.

We researched the role of various animals in war including: pigeons, horses, donkeys, camels, as well as how malaria-infected mosquitoes impacted the health of

soldiers. Year 9 students also taught their partners about the places Australian fought in World War 1.

During the assembly, Georgia, Riley and Ben spoke to us about Sir Ross and Keith Smith's involvement in aviation history and were accompanied by Jono, an aviation enthusiast.

Year 9 students commemorated a soldier or nurse that they had researched in HASS this year which was followed by the Last Post, played on the trumpet by Kira Davies.

We would like to thank parents and community members for attending and thank the Year 6 and 9's for conducting the service.

Lauren Smith | HASS Teacher

WOODHOUSE CAMP 2019

On Wednesday the 30th of October we left on a bus to go to our camp at The Woodhouse Activity Centre, near Piccadilly in the Adelaide Hills. Angas and Mrs. Lands took the school van as well. On the way we stopped at Dublin for recess. Eventually we arrived at Woodhouse. While waiting to check in, we saw our first koala.

After we unpacked and had our lunch. We went for a walk around the campsite. We then moved to our first activity which was Tube Sliding. This was lots of fun, we could choose between two different slides, one was straight and the other was curvy. It took a lot of energy to walk back up the hill with our tubes, but it was worth the effort.

Once we had our afternoon tea, we tackled Challenge Hill. There were 32 different obstacles to complete, we were able to do most of them. As it was quite hot, we especially enjoyed the obstacles that crossed the creek as we were able to cool off. After our yummy dinner, we watched a movie and celebrated Julian's Birthday with cupcakes before bed.

Day 2

On our second day, we woke up early and enjoyed cereal, toast with bacon and eggs. After breakfast we met Matt our instructor who took us to the activity center, where we participated in team challenges which included, problem solving games where

we had to work together as a group. After morning tea, we had a go at bouldering, this involved climbing a rock wall moving sideways. We all enjoyed the challenge and cheered each other on. After our barbecue lunch we moved onto our next activity.

After lunch we participated in laser skirmish, there were three teams. We had a great time battling against each other through the bush. The team called the winners won.

Later that afternoon, we went for a walk. We found some cute things like, ducks, ducklings, koalas and a kangaroo.

We went through a forest and found a huge, we had our photo taken on the log. In groups we had a competition to see who could make the largest pretend fire with a song, we all had a lot of fun. After our dinner, we were pretty tired and headed off to bed.

Day 3

The next day was our last day. After we packed up, we headed off our last activity which was the Labyrinth. It is a maze with riddles and clues, when you found the stairs you could see the next part of the maze. Another way to get to the next part of the maze was to find the slide. We had to complete all of the riddles to be finished.

After our morning tea it was time to leave Woodhouse, the bus came to pick us up and we made our way back to school with a quick stop for lunch at Dublin.

We all had a fantastic time, we can't wait to go back next year!

2/3/4 students

SPOTLIGHT ON

As part of our biological science unit, we looked at living and non-living things. After some discussion, some students wanted to know if eggs were alive or not.

After asking Mrs. Le Feuvre, for permission to use the school incubator, we asked families and staff if they had any fertile eggs we could incubate.

Mrs. Allen then set up the incubator. We placed 36 eggs in the incubator, to hatch them we needed to be kept at a certain temperature with some water to help the eggs hatch. Over the course of 21 days, we have been candling the eggs, this involves placing a bright light or torch under the egg to observe what is happening inside, we then recorded our observations in our investigation booklets.

baby chickens

On day 14, we noticed that some eggs hadn't changed, we cracked one open to see that nothing had happened, so we removed those eggs so they wouldn't explode.

On day 20, the first egg hatched, it was Alice's egg, which she has named Clara.

The following day, five more chickens had hatched. We hope that the remaining eggs hatch too.

Having the chickens in our class has been a lot of fun, we especially enjoyed watching them hatch.

VIETNAM STUDY TOUR

Earlier this year Sophie Baker was one of the winning entries in the Premier's ANZAC Spirit School Prize and was invited to participate in the State Government's fully funded study tour to Vietnam during the October school holidays. She was accompanied on the trip by HASS Teacher Lauren Smith.

Orphanages & Schools

During our study tour we visited two orphanages and a primary school to donate goods. The total amount fundraised by the study tour was \$5,600 which enabled us to purchase rice, oil and instant noodles for the orphanages and books, stationary kits and sporting equipment for the primary school.

At both orphanages we unloaded the many boxes and were welcomed and thanked by the head Buddhist. To welcome our arrival, the orphanages held Buddhist ceremonies which involved lighting incense.

I had so much fun getting to communicate with the orphans and getting an insight into their life. However, it did make me quite upset to see that they sleep on wood without a mattress. It also showed me how happy you can be when you have so little.

The Primary School we visited was built at the end of Luscombe Field, Nui Dat, which was the old airfield built by the Australians in the Vietnam War.

We were able to give every student a stationary pack of books, crayons and pencils. I also gave out some sporting

equipment purchased from our fundraising efforts. The smiles on their little faces when I handed their books out or kicked the footy could brighten anyone's day.

Thank you to everyone who attended our movie fundraiser night or donated money to go towards those special purchases. In the end we fundraised approximately \$2000 and I valued the opportunity to give those less fortunate a ball or school supplies.

SPOTLIGHT ON

This term in Stage 1 Biology, we have been studying organ systems, with a focus on the respiratory, circulatory and digestive systems.

As part of our learning we have completed several dissections on fish, sheep lungs, sheep hearts and pig digestive system.

organ systems

To help us deepen our own understanding, we have been working with our Year 1 'Biology Buddies'.

We have enjoyed showing and teaching our buddies about these organs.

YouTube & Discord

The last two of the series of App information fact sheets from the Carly Ryan Foundation are YouTube and Discord.

Have a read with your children and discuss the facts about these apps. Professionals in the field of keeping children and young people safe on the internet stress the importance of parents and carers creating an environment of openness about the technology the children are using. Setting rules and boundaries when children are online provides security. Parents are

encouraged to stay up to date with what their children are doing online and what games and apps they are using. Always ask the questions and seek advice when you need it.

If you would like to discuss any issues your child may be experiencing at school or if you would like copies of the fact sheets please feel free to contact me at school on 8832 2613.

YouTube is free video sharing website and application that is owned by Google. The platform allows its users to upload, create and watch other users videos. With over 1 billion users it is one of the most popular platforms on the internet.

Anybody can access videos on YouTube, but in order to upload a video the user must create their own YouTube account. If a user sees inappropriate content they can 'flag' or report it if it violates YouTube's community guidelines. Many popular types of videos on YouTube are music videos, 'how to videos' and gaming videos.

YouTube Kids

With over 400 hours of content uploaded to YouTube every minute it is extremely difficult for Google to keep up with the monitoring of inappropriate content.

For users under the age of 13 we recommended using 'YouTube Kids'. YouTube kids is free to download and use. Users can have up to 8 profiles attached to the one account. Each profile can have it's own viewing preferences.

The platform has features like 'watch history', 'block channels' and filters to keep videos more 'child friendly'. Parents can also create timers for video use which can enable time restrictions on their children's screen time.

YouTube Red

YouTube Red is a monthly subscription service that removes advertisements from all videos on the platform. Users can also restrict the videos so that they're more limited with no 'suggested' videos that often occur after a video has been viewed.

More often than not the suggested videos are not suitable for younger people. This platform is especially ideal for teenagers. Videos can also be downloaded and watched at any time without an internet connection. This function is fantastic for family trips in cars and airplanes.

Privacy Settings on YouTube

Public Anyone is able to search and view the users videos.

Private Only people the user allows can search for and watch their videos.

Unlisted Only people that the user sends the link to can view their videos.

'Comments on users videos' is turned on as a default option, however this can be disabled. To do so, these are the steps to follow:

- Sign in to YouTube on a computer.
- Go to Creator Studio > Video Manager.
- Select the box next to any of the videos you want to manage.
- At the top of the screen, click the Actions menu.
- Select More actions > Comments.
- Select or unselect Do not allow comments.

How to make your account private

Click the 'Edit' button, and then choose 'Private' or 'Unlisted' from the 'Privacy Settings' drop-down menu.

If your YouTube account is linked to Google Plus and you set your video to private, you see a field into which you can enter the email addresses or profile names of people with whom you want to share your video.

How do I block another user on YouTube?

- Login to your YouTube account.
- Click on the name of the user you want to block. This will take you to their profile.
- Click the three dots on the top right of their profile
- In the drop down menu, you will be given the option to 'Block User'.

How do I report another user on YouTube?

- Login to your YouTube account.
- Click on the name of the user you want to report. This will take you to their profile.
- Click 'About' on their profile, the hit the flag button.
- In the drop down menu, select the option that best suits your issue.

App Fact Sheets available from the Carly Ryan Foundation. Please email: info@carlyryanfoundation.com

Discord is an app used widely in the gaming community. It allows users to invite each other to servers, which allow them to talk to each other over text, microphones and send photos to each other. Users find this platform a convenient and easier way to communicate rather than through the game directly.

How does it work?

To sign up to Discord you simply need an email and a username. It takes under five minutes to make an account with Discord. This enables the user to open up invitations and messages from people around the world.

To add somebody on Discord the user must have the other person's username. This can easily be asked through in-game chat.

Challenges

Some of the issues with Discord are that younger children may get invitations from random users thinking it is safe to chat with them. A criminal has the potential to groom the child and get various sources of information such as: credit card details, house address, school, age and much more.

Ensure that you have conversations with your young person about the potential risks involved with using platforms like Discord.

The Carly Ryan Foundation is seeing young users being asked to add people on Discord. This can create the opportunity for criminals to groom, manipulate and coerce young users through conversations that unfold via various gaming platforms.

Discord is a great app to help users communicate with their friends but without the right settings in place it can expose the user to unwanted or inappropriate contact from criminals or by strangers.

Privacy Settings Menu

Click the little down arrow next to the server name and you'll find a drop-down menu window. In addition to being able to adjust notification and server settings, you can adjust privacy settings on a per-server basis as well. Selecting / deselecting this option lets you block DMs (Direct Messages) from users in that server that aren't on your friends list. Normally, sharing a mutual server is all it takes to allow DMs. This option can filter out anyone you don't want to hear from.

Block Button

In the case that you generally like everyone in a server

(except for a few individuals), the DM list has a quick-access menu to a user's profile. In your DM chat, clicking the @ Username will bring up the user's profile, you can click the three dots in the top right to pull up a menu that will let you block the user.

Report a User

To report another user on Discord you will need screen shots of the evidence. Once you have this, you will need to email Discord directly: support@discordapp.com

Friend Requests

For additional control, Discord's settings is adjusting friend request privileges. To find this menu, open up your User Settings and click the Friends tab, here you can set who's allowed to send you a friend request.

Everyone - Selecting Everyone means that anyone who knows your DiscordTag or is in a mutual server with you can send you a request. Having this selected will automatically include both Friends of Friends and Server Members options.

Friends of Friends - Selecting this means that for anyone to add you, they must have at least one mutual friend with you. You can view this in their user profile by clicking the Mutual Friends tab next to the Mutual Servers tab.

Server Members

Selecting server members means users who share a server with you can send you a friend request. Deselecting this means that you can only be added by someone with mutual friends as you.

Note: *Friends of Friends and Server members can be both selected or deselected, allowing you to customize what ways you are willing to receive friend requests. If you only want to add friends you want to choose, you can deselect all three options, and not receive ANY requests.*

App Fact Sheets available from
the Carly Ryan Foundation. Please email:
info@carlyryanfoundation.com
