# CYS Sports Day

**W**hat a sensational day, well done to the Eagles, who went back to back to back.

Central Yorke School students are to be congratulated for their efforts and attitude to the sports day.

It was great to see so many students trying their hardest in both the individual and team events, supporting and cheering on their team, encouraging individuals and filling in wherever they could.

This year we had the most number of students competing in events for quite some time. It was amazing to see all of the talent on show.

## House Rules

One of the highlights of the day was watching the competition between the houses. The Ali Adams cup had the Sharks win by about 27 due

to their continual participation all day, while the Overall Barrie Koch Cup had the Eagles win by 13.

This level of competitiveness is awesome!

A huge thank you to Mr Jason Clifford, the CYS staff and the members of the Sports Committee for all they did to bring about the sports day. The day ran very smoothly, and this is of course due to all the quality planning and preparation before the event. Thank you to CYS School Canteen staff who made sure everyone was well fed and most importantly well hydrated. We were also very humbled by the families that donated dishes as well, my favourite was Mrs Mack's Thai Green Curry. The home cooked food was a hit and the first thing we ran out of!

## House Captains

A special mention to our House Captains and Vice Captains, who showed our true 'R-12-ness' with all the work they did with all the students. Whether it was individual, team or tabloid events, it was great to see and I had many positive comments from parents on the day.

Another highlight of the day was again the staff, student, parent Wheel and Ball race. Unfortunately the teachers weren't victorious and 5/6 teacher Maddie Stewart injured her hamstring.

To our parents, and the wider school community, a huge thank you for your support and encouragement. We had a lot of parents volunteer to help at all the different athletic events and the day would not have been a success without you. A giant thank you to Kerry Baker who donated all

of the ribbons for our students. The support we have received from Kerry and Just Ribbons and Rosettes is greatly appreciated.

The fact that we had a huge majority of our school population turn up on the day, well prepared for the day and willing to stay right to the end says a lot about the support we have at the school.

Congratulations to all once again. Bring on both the Primary and Secondary Interschools. The challenge for us is to see if we can go back to back on 2019!

## **PARENT CONCERNS.**

Like any school with 250+ people, there can at times be situations where parents, students and staff don't see eye to eye.

When this happens I have really appreciated that people have come to see me. When we work together, things can be solved relatively quickly.

## **School Communication**

Please note that the school communicates through the following ways.

- Individual parent phone calls and notes
- Facebook
- The School Website
- Parent Circulars

- The SkoolBag App – This has a copy of any note that goes home.

If at any time you think that we could be doing something better, please feel free to come in and have a chat with me about what we could do differently. As stated before, if you see an issue, come and tell me. If you see something wonderful, tell everyone else.

## **INTERIM REPORTING**

Letters will be coming out late next week to families about their child's progress. Any students that are at risk will have staff personally calling parents to organise a time to catch up with their teachers.

If you are concerned or wish to just catch up about the learning programs of your child, then I invite you to our parent teacher interviews. The information about how to book these can be found on your interim letter and you can book to see multiple teachers. If you are unsure how to do this, then please feel free to ring the school and one of our friendly administration staff will be more than happy to book times for you. Students at risk of not passing will already have an invite to book in and see our staff on the letter you receive.

That's it for this edition, like always – if there is anything you want to have a chat about, please come in and talk to myself or one of our leadership staff.

Until next time.

DAVE LOVE  
HEAD OF POINT PEARCE

# Point Pearce Buzz

We are all in an extremely busy time of Term and the children at our site have been involved in many different activities lately.

## KINDY EXCURSIONS

Last week the Kindy group enjoyed a Beach Trip to Buthera's Rock, and also visited the Maitland Early Years Campus to enjoy their facilities and mix with a wider group of children.

More information about these will appear in the next Newsletter. We also have Yorketown and Warooka Early Years sites visiting us next week, and are also heading to Adelaide for a Variety Club Easter Picnic with our Reception children in week 9.

## SCHOOL PHOTOS

We all had our Group, Individual and Family school photos taken last Tuesday. A big thanks to all families who came up and helped

to make this crazy day as smooth as it could be, especially helping with the Family pictures.

## NARUNGGGA LANGUAGE

Each week our children have been learning Narungga Language. They have been doing this with Auntie Sonya.

So far they have been practicing greeting each other, learning how to count to ten and saying 'Thankyou'. It is great to hear them using the words around our site.

## SPORTS DAY

Sports Day last Friday saw a fantastic roll up of students and families. Once again it was wonderful to see so much support there for all of our children when competing.

We have some real budding athletes amongst our group. Others adults commented on how well our kids competed and supported each other. I was very proud of the way our students represented our Point Pearce community and site.

**R-2 CLASS**

Between Recess and Lunchtime each day the R-2 Class splits into an Initial Lit Group and an Intervention Group. Miss Amanda, Miss Jacki and Rachel P spend quality one on one time with a small group of students who are benefitting from very specific, specialised learning activities.

The rest of the R-2 Class move to the Library where Miss Kath, Miss Linda and Auntie Charlotte work with small groups on Literacy based activities. The children are enjoying this time greatly. These

sessions are part of an Initial Lit Program which is achieving great results around SA.

**‘HEALTHY FAMILIES’ VISITS**

Each week on a Thursday we have a Speech Pathologist and an Occupational Therapist from Healthy Families visit our site to work with some of our Intervention children.

This support has been gained through IEASP support and NDIS Funding. We are already noticing some positive changes with oral language, communication and spatial awareness in our children, as a result of these visits.

SCOTT MOORE  
LEARNING PATHWAYS  
COORDINATOR

# Secondary Roundup

**W**hat a great day sports day was, I always enjoy seeing students in different lights and some of the performances that I saw were outstanding.

Two highlights for me was seeing Jet Hasting smash an old High Jump record and the Senior School Girls supporting Kaylee Short who injured herself on Long Run Day. Both events highlighted the character of our students and their ability to perform when necessary.

## ASSESSING & REPORTING

This is an important time of term as teachers prepare for the first round of reporting for. Our site has been part of a state wide program initiated to help improve Learning Design, Assessment and Moderation (LDAM). This project has introduced five key strategies which we have spent time at our last two pupil free days developing with all staff.

Formative assessment has been implemented across the school, these strategies help students develop their learning and gain valuable feedback as to where they can improve before they submit work that contributes to their grades. Please contact your Child's teachers if you would like more information on what formative

strategies they are using and how feedback is being used to progress student achievement.

## FOOTBALL ACADEMY

Our Football Academy has really started to hit its stride. Students are travelling from across the Peninsula to attend the day here and its great to be able to offer this opportunity to our students and the wider community.

I was in the class briefly last week and the buzz and excitement in this classroom was as good as any club could ask for.

Jason Clifford and Luke Trenorden have done some fantastic work getting this up and running, and they have started to run the students through their paces. I've also seen an old pair of boots come out of one of the teacher's cupboard with some dust being cleaned off before use!

SHAYLA VINCE  
SAASTA & MIDDLE  
SCHOOL COORDINATOR

# Cedric Varcoe Visit

**O**n 26th of February Cedric Varcoe visited CYS to inspire our SAASTA students as they create a powerful piece of artwork.

He was able to assist students with their Stage 1 and 2 task and give them tips along the way.

## **FAMILY CONNECTIONS**

Cedric Varcoe was born in Adelaide in 1984 with strong family connection to Raukkan and Point Pearce. His language groups and tribes are Ngarrindjeri and Narungga.

Cedric is a contemporary artist, painting the creation stories of his Ngarrindjeri lands and waters, from the lower River Murray and the Lower Lakes to the Coorong, the South Coast to Kangaroo Island.

He started painting at the age of eight, watching his sisters and mother, aunties and uncles. Fascinated by paint, he mainly painted lizards and snakes, and developed highly stylized corroboree men.

## **INSPIRING YOUNG PEOPLE**

Cedric has painted on and off for over 15 years. In 2008 he completed a mural in one of the cells at the Port Pirie Police Station, hoping to inspire young people, to try to help them to have a better outlook on life, to think that they might be able to paint and express themselves creatively. Cedric has his work displayed in galleries across Australia and he sells his work globally.

We are hoping Cedric will come back to visit us at CYS in the future.

# T H E FLIPPED CLASSROOM FLIPPED

**A**t Central Yorke School we have started 'flipping' some of our classes. No, we're not teaching on the ceiling; we're using a method called Flipped Learning, a learning approach which aligns with our CYS Game Plan of Quality Feedback, Formative Assessment and Learning Intentions and Success Criteria.

## WHAT IS A FLIPPED CLASSROOM?

The flipped classroom switches around the traditional order of teaching with the purpose of creating a more in depth and supportive environment in the classroom when the teacher is present and able to help students.

It allows for students to receive a more individualized education where face-to-face time with them is being used effectively. This results in them understanding the content at a higher and deeper level than before. In addition, it challenges students to develop the skill to take charge of their learning and manage their time, becoming resourceful learners.

Lastly, it provides time for more 'higher order thinking' discussion and questioning during class

time, helping students to become reflective communicators and to think more deeply about the content they are learning.

## HOW DOES IT WORK?

In the traditional classroom, a class 'lecture' is often followed by homework. In the Flipped Classroom the roles are swapped:

**Homework:** May require students to view the lecture or media content to probe their thinking, spark interest, practice examples, summarize, and question what they don't understand.

**Classwork:** In class, in place of the lecture, students spend a specified amount of time responding to each other's summaries and questions. The remainder of class time is spent individually or in differentiated small groups to deepen understanding of content by having high achieving students move forward, or providing further review by using hands-on activities and manipulatives, or slowing down the lesson to meet the needs of struggling students. Teachers are able to make the best use of face-to-face time with students.

# ? What if students don't have access to technology or the internet at home?

## **BENEFITS OF FLIPPED LEARNING:**

1. Students don't need to be in a classroom setting to watch a video on their own. They have the ability to watch video content at their own pace, re-watching, rewinding, and pausing when needed.
2. It helps busy students. Many of our students are involved in SAASTA, CYS Football Academy, Music and Arts Programs or activities outside of school and often have a hard time getting all their homework done. Students will be able to watch videos ahead of time, or catch-up, at their convenience.
3. In a traditional model, if a student struggled through a homework assignment, they would have only a brief amount of time in class the next day to ask a question, or would need to find additional assistance in the FLEX room or after school. With this approach, students are doing the work in the classroom and are able to get their questions answered immediately.
4. Learning should be student-centred, not teacher-centred. The focus is no longer on the teacher being the sole source of content, but on the student practicing and producing quality work. There is an additional responsibility placed on the students as well to do their part outside of class.

We are really excited about the flipped learning approach and have already seen some major benefits.

**Shayla Vince**

Technology should not hinder a student's ability to participate and be successful in the flipped classroom.

Some possible solutions include:

1. Students can come to class before or after school to view content.
2. Students with a working computer but no internet can bring in a USB drive to upload the video content.
3. Students that have a device but no internet can bring in their devices and have the content uploaded using the iTunesU app. This will allow them to access the content even without having internet at home.
4. Students can request to view the videos through DVD's which can be played on a DVD player, Xbox game system, or Play Station game system.

**O**ur 2020 Splash Carnival was held on Wednesday 26 February in very cool and overcast conditions and even the odd spot of rain! Fortunately the weather didn't dissuade students participation and enthusiasm with many children claiming it was 'warmer in the pool! The afternoon was officially opened by Mr Keleher who stayed on to commentate and encourage the teams in their races. Students from both the Point Pearce and Maitland campuses were present and cheered loudly and often for their teams while demonstrating excellent sorting behaviour.

### **JULIE ADAMS CUP**

The Eagles and Sharks teams competed for the Julie Adams cup which promotes participation in swimming as one of its goals. Our two wonderful swimming instructors Jodie Ames and Shirley Lands had prepared the students thoroughly for the day and this was evident in the strong swimming styles, positive attitudes and focus on safety.

### **MIXING IT UP**

As in previous years, there were several new events this year as well as the relay races across the pool for younger students and

a variety of self-nominated relays using a variety of strokes along the length of the pool for older students.

The Year 6 Rope Throw (introduced in 2018) where "drowning" students were saved through the rope throwing skills taught in lessons) was run again and along with the new 'Mintie Munch' proved popular with both the competitors and the crowd.

It was back-to-back wins for the Sharks this year and they overwhelmed the Eagles, cruising to an easy win. Mrs Julie Adams proudly presented Sharks' Captains George Butler and Matilda Palin.

The captains received the cup with excitement and in their speech thanked their team mates for the win and the Eagles for the keen competition throughout the day.

A wonderful crowd of family and friends were present to support the students and at the end of the day their help with cleanup was very much appreciated.

# GOOGLES

## BARRIE KOCH CUP

**S**portsday was held on Friday the 6th of March and it was a fantastic day of competition. Thanks to Sue Price for her inspirational opening and getting the day off to a great start. The Eagles musical War Cry brought home the points for them at the beginning but after that it was a great tussle. After a week of events just thirteen points separated the two teams at the end of Friday.

The Winners were the Eagles on 3134 points to the Sharks on 3121. The Ali Adams Cup went to the Sharks 701 to 674.

Well done to all participants throughout the day and congratulations to all of the Individual champions and runners up.

### **NEW RECORDS**

Congratulations to our new record holders:

#### **14YO Boys High Jump**

Jett Hasting - 1.70m (Prev' 1.69m)

#### **15YO Girls High Jump**

Havanah Zilm-Smith - 1.51m (Prev' 1.50m)

#### **15YO Girls Shot Put**

Mattea Whitelaw - 9.76m (Prev' 9.26m)

A huge thankyou to all the helpers for the day. This day does not happen without you and I deeply appreciate your help. With only 1 hamstring injury (Maddie Stewart) in the Teachers/Parents/Students wheel and ball you could say that was a success.

**Jason Clifford**

# Sports Update

## INTERSCHOOL SPORTSDAYS

Both the Secondary and Primary Interschools are in Week 9 of this term. The Secondary Interschool is on Wednesday the 25th of March at Moonta Area School. The day begins at 10.00am and finishes at 2.15pm.

The Primary Interschool is held on Thursday the 26th of March at Yorketown Area School. This day begins at 9.00am and will finish at approximately 2.45pm. Teams for both Interschools are posted around the school and notes should be reaching home very shortly.

## SAPSASA SWIMMING

A small team of swimmers are giving the SAPSASA Country Championships a go in week 9 of this term. Congratulations to the following students and we wish you luck and look forward to hearing about your results.

Rhys Heinrich, George Butler, Matilda Palin, Kiara Arthur, Jordy Radford, Maggie Moore.

The online store for photos is now live and merchandise can be purchased from the following websites. Please follow the link below for more details.

## KNOCKOUT SAPSASA TENNIS

The girls KO team played against MLS. Well done to Summer Davies, Kiala Andrews, Matilda Palin and Sophie Davies who represented the school in this event.

Unfortunately MLS were too strong for us on this occasion taking out the match 5 sets to 1.

## **SAPSASA CRICKET AND TENNIS STATE CHAMPIONSHIPS**

Congratulations to Barnaby Wheare, Sam Davey, Josh Littlewood, George Butler, Dylan Chapman on their selection in the SYP SAPSASA Cricket team and also to Brody Davies and Summer Davies for their selection in the SYP Tennis team.

A reminder that the SAPSASA Cricket and Tennis State Championships are in week 8 of this term. Please visit the School Sport website or see the link below (cricket) for information on Merchandise (Cricket needs to be pre-ordered), photos and draws.

## **KNOCKOUT SAPSASA CRICKET**

The knockout cricket team played MLS in their first match on Monday 2nd of March at Maitland.

It was a great team effort by the boys who managed to get over the line by four runs, 91 to 87. Next we play St Mary MacKillop later in the term.

# Central Yorke FOOTBALL ACADEMY

The Central Yorke Football Academy is busily preparing for many upcoming events. Both the boys and girls academy teams will be entering into the Open Schools competitions and we eagerly await our chance to play some games against other schools.

Next week all participants will complete their umpiring certificate in field, boundary and goal umpiring and they will put these skills to work later in the year as they umpire some of our other school football events.

We are ecstatic with the commitment the students are showing towards the program and their skills and knowledge of the game are improving rapidly.

Currently students are completing a task involving components of fitness and training programs related to AFL conditioning.

**Jason Clifford | Coordinator**

# PPEP Talk

**O**n Thursday 13th of February, Michelle Nielsen a clinical educator from the Pelvic Pain Foundation of Australia held a PPEP Talk at Central Yorke School for the Year 9 and 10 female students.

PPEP stands for Periods, Pain and Endometriosis Program and is an initiative of the Pelvic Pain Foundation, funded jointly by the SA Department for Education, SA Health and the Commonwealth Department of Health.

This health and wellbeing education program is an Australian first and has been developed by medical and education professionals. The program educates students about endometriosis and pelvic pain to

raise awareness and promote early diagnosis and support for those affected.

The PPEP Talk was a positive and interactive session which was well received and engaging for the students. The school was presented with a resource book titled, ‘Endometriosis and Pelvic Pain’ written by the creator of the program, Dr Susan Evans. This book is available for borrowing through the library. If you would like further information about PPEP please visit:

[www.pelvicpain.org.au](http://www.pelvicpain.org.au)

If you would like to discuss any issues that your child may be experiencing at school please contact me on 8832 2613.

# 7-9 Maths Teams

**B**uilding on the achievements of our two year intensive Big Idea in Number program, we have this year created Maths Teams in the middle school.

Each week for one lesson our Year 7, 8 and 9 students work with others in their class on targeted activities aimed at developing and extending their number skills.

Each team member selects an activity to work on either individually or in a small group. Challenges range from problem solving and interpretation tasks to strategy games and speed quizzes. Students in each class have shown active engagement in the Maths Teams activities and we look forward to seeing how their mathematical knowledge improves throughout the year.

# Dublin Exchange Visit

**A** committed group of Year 11/12 Ag students attended the Dublin Livestock Exchange on the Pupil free day in week 7.

We witnessed a record price in the sheep market of \$348 for a crossbred pen of ewes.

Andrew Lepley - Manager, was excellent in showing us around and sharing his knowledge in the yards after 18 years.

Well done to the students and parents with the 7.30 am start and giving up their day off school.
