PRINCIPAL'S REPORT

Welcome Back

Welcome back to Term 3 and the halfway point of the year.

Our Semester 1 results were great and we had a huge increase in our A and B grades. It's great to see students taking so much pride in their results.

It is also great to see Sonya Rankine our ACEO being awarded the NAIDOC SA 2021 Artist of the Year; this is fantastic

recognition of her passion and hard work.

Our students have been lucky enough to experience some of her work through the Carclew Narungga Aboriginal Artists in Schools Program in Term 1 this year when she led the team that created the Primary Coverway mural.

ON THE COVER

The ELC students were excited to be back and reconnecting with their friends and educators. Pictured is Jake dressed up as vet .

12 CENTRAL YORKE SCHOOL NEWSLETTER JULY 2021

"We acknowledge the Narungga People as the Traditional Owners of this land and we pay our respects to their Elders past, present and emerging."

SCHOOL ZONE

Student Safety is our top priority and it's been raised by Governing Council that some of the traffic at the front of the school is going way too fast at pick up and drop off time.

The speed limit is 25km/h so children, families and cars can safely move in this area. We are asking our community to please follow the speed limit at drop off and pick up times. If we all work together we can ensure everyone remains safe during these busy times of day.

STAFF MOVEMENT

Grant is taking some well-deserved long service for the first five weeks of this term.

I have the privilege of acting in his role for this time and this has opened some leadership opportunities for staff in our site.

We also have several Pre-Service teachers joining us this term. We welcome them and look forward to working with them as they develop their classroom practice.

NEW PROGRAMS

With a new semester starting, we have our Year 12's finishing courses and preparing for exams while our R-11 students start new courses within our curriculum frameworks.

Just like in Semester 1, you should receive programs outlining what your child will learn. Most of these will be put onto Canvas or Google Classroom, so I encourage you to get online with your students and share in their learning.

PLANNING AHEAD FOR 2022

As we start to plan for 2022, it is imperative we have accurate numbers.

If your child is not attending in 2022, could you please let us know in writing.

Also, if you have family or friends moving to the district and who definitely want to enrol their children here, please let us know so they can be considered in the class placements.

Until next time

Scott Moore

COVID-19

On Tuesday the Premier announced a 7-day state-wide lockdown. Once again, we see our regular way of life put on hold as we all make sacrifices to protect the health and wellbeing of our community. We have put in place learning programs for this period;

- Secondary Students are familiar with Canvas and are able to access their learning on the same platform they use every day at school. We will be holding Zoom lessons for Senior Secondary SACE Subjects as we have throughout every remote learning period our students have faced.
- Primary students have been provided with devices to access Google Classrooms and learning packs to support those younger students who may need more time to move to this platform.

Specific information, including logins and platform instructions will be provided by class and subject teachers in the coming days.

7-DAY PERIOD PLANS

During this 7-day period teaching staff will contact families to check on students' learning progress and there will be regular check-ins with offers of support.

If Level 5 restrictions continue past Tuesday of next week we will be implementing an alternative teaching timetable with scheduled online lessons.

STAY AT HOME RESTRICTIONS

The current Stay At Home Restrictions have one very clear purpose, to restrict the spread of the virus by limiting our movement.

The timing of this outbreak is unfortunate as many members of our school community have travelled to Adelaide or had guests visit us in the past few weeks.

In order to ensure the health and safety of those staff and students who are on site it is important that access to the school is highly restricted.

We will not turn any students away, if your child attends school we will provide a safe educational environment for them to learn in. However, the direction is clear that **all parents who can care for their children at home should now be doing so**, and that only the children of essential workers and vulnerable children will be able to attend during this period.

Information is changing rapidly and we will endeavour to keep our community updated. We encourage all parents to download the Skoolbag App and subscribe to the CYS Facebook page. If you have any concerns regarding how this affects your family please do not hesitate to contact your child's teacher or myself.

Scott Moore | Principal

SKOOLBAG APP

The Skoolbag app is a free download from the Apple app store or from the Google Play Store. Either search for Skoolbag on your phone's store or visit the page directly using the QR codes below:

SCHOOL PRIZE

STUDENT SUCCESS

Premier's Anzac Spirit School Prize win

Congratulations to Year 9 student Nicholas Heinrich for being a 2021 winner of the Premier's Anzac Spirit School Prize.

The award is given for outstanding research into the remarkable sacrifices of South Australian servicemen and servicewomen and Nicholas was one of just twenty students to be selected from across SA's public and private secondary schools.

Nicholas was mentored through the process by HASS teacher Raelene Stutley and he will be awarded his prize at a special ceremony in early September.

MEL RICHARDS
Head of Early Learning

First day back at Kindy.

It was wonderful to see the return of children and families to the preschool program on Tuesday.

Children had a busy day exploring the environment and reconnecting with their friends and educators.

LOCKDOWN

We are now in a period of lockdown. During this time, we will continue to support children with their learning at home.

We will continue to make regular posts on our private Facebook group of ideas and suggestions for learning at home and to provide any relevant updates as per the Department for Education recommendations.

There are physical packs available if families would like to collect for their children or alternatively we can email resources to you. We will also be checking in regularly with families.

Please do not hesitate in contacting ELC educators if you have any questions or concerns.

Looking forward to seeing all of you soon.

What's happening on the Southern Yorke Peninsula for 0-5 y.o.?

Includes activities in Ardrossan, Maitland, Point Pearce, Minlaton, Curramulka, Port Vincent, Stansbury, Edithburgh, Yorketown, Warooka, Corry Point & Marion Bay

Dental Assistant Traineeships

BACKGROUND

SA Dental is a health unit within the Central Adelaide Local Health Network. We provide population health based dental services for children and eligible adults through clinics across South Australia in metropolitan and country areas.

Some clinics are located in hospitals or community health centres whilst others are located in school grounds or are discrete dental facilities. We also work in partnership with the University of Adelaide to educate and train many of the State's dental professionals.

SA Dental consists of 2 clinical Divisions:

1. Statewide Dental Service	2. Adelaide Dental Hospital (ADH)
<p>Provides dental services in the metropolitan and country areas of South Australia and is another key contributor to undergraduate dental students. The Division has two branches:</p> <ol style="list-style-type: none">School Dental Service - all South Australian children (aged up to and including 17 years) are eligibleCommunity Dental Service - provides eligible adults with a range of general, emergency and removable prosthetic dental services. Adults (or their adult dependents) with a current Commonwealth government issued concession card are eligible to receive services.	<p>The Adelaide Dental Hospital is a centre for undergraduate dental education in South Australia. It operates in conjunction with the University of Adelaide and a provider of Specialist services. The specialist services available are Oral and Maxillofacial Surgery, Orthodontics, Specialist Restorative and Special Needs.</p>
